You must listen to the entire message. If you hang up before the complete message plays, your call may not be registered and may be reported as a "Missed Call." Let the system end the call. You can also use Check2test.com to see if you need to report for testing instead of calling the phone number.

You may test at either the Mercer County Adult Probation Office or the Mercer County Adult Detention Center. You may also test at Foundations Behavioral Health Services, but only if you have an open case at that agency.

If you have any problems or questions about the iSamson Program please call the Mercer County Adult Probation Office at (419) 586-5870 to speak with a probation officer.

PASSPOINT EYESCAN - You should be prepared to provide a urine sample as you may be randomly chosen to provide one by the system. If you are selected to provide a urine sample, you are to wait in the lobby of the detention center until you have done so. Leaving the lobby for any reason will be considered a refusal. You may **not** leave and then return at a later time to provide a urine sample.
