

A Convenient, Low-Cost Alternative

As your prescription benefits manager, MedTrak proactively looks for ways to provide cost saving opportunities for our Members. As a result, we introduced our Performance 90 (P90) Pharmacy Network offering 90-day prescriptions that have traditionally been offered through mail order.

Why Should You Use the P90 Network?

- **Lower Rates** – MedTrak has negotiated the lowest possible rates with P90 pharmacies for 90-day supplies of maintenance medications, providing the Plan and the Member savings.
- **Convenience** – the P90 Network offers a variety of pharmacies, such as grocery stores, national chains, independents and big box retailers.
- **Extensive Pharmacy Selection** – Over 55,000 retail pharmacies integrated into the P90 network.

Just comparing a few of the top 10 drugs by average ingredient costs for mail order versus MedTrak P90 pharmacies, you can see the savings are substantial!

Top 10 Mail Generics vs. MedTrak P90

Drug Name	Mail Order		MedTrak P90
